

CUBA ONCE MORE PROTESTS

HER GOVERNMENT DENIES THAT SHE WANTS SPAIN'S REFORMS.

Cienfuegos has the Revolution in Florida, and the Government of Cuba has the Revolution in Cuba. The Government of Cuba has the Revolution in Cuba, and the Government of Cuba has the Revolution in Cuba.

HAVANA, Jan. 31.—News received from Santa Clara is to the effect that at a Council meeting of the Cuban Government, held four days ago, President Salvador Cienfuegos consulted the members of his Cabinet about several communications he had received informing him that, as a result of diplomatic interference on the part of the United States, the Spanish Government had decided to enforce in Cuba reforms in the shape of the Abarruz law of 1892, making at the same time proposals to the revolutionists to accept the reforms and thus end the war.

The President Cienfuegos said that his personal view was well known to both the Spaniards and the Cubans, and that, having devoted his life to the cause of his country's freedom, no one could imagine that he would accept the absurd proposal to keep the island under the Spanish yoke at the very time that the revolutionary cause was prospering more and more.

He said also that he believed that all present agreed with these sentiments, and that none would violate the Constitution of Jimaguayú, in which it is declared that no treaty of peace can be made with Spain unless based on the absolute independence of the island.

He added that when the first rumors of an arrangement for home rule between Spain and President Cienfuegos were communicated to him by the plenipotentiary of the republic abroad, Señor Torres Estrada Palma, he answered in an official letter authorizing Señor Palma to emphatically deny that the Government of Cuba would accept such an arrangement.

Gen. Gomez also made a similar declaration, which was sent to New York to Señor Palma. In view of later letters received from the United States and Havana, another official declaration has been forwarded to New York, as probably the first fall into the hands of the Spaniards.

Secretary Calles said that in case proposals of peace should come from Spain not including a stipulation for the independence of Cuba, it was his opinion that, after an energetic refusal, the Government should adopt some measures to prevent all further hopes on the part of Spain that the Cubans will surrender.

The Secretary Porto Rico proposed the revival of the law of Spotorno, proclaimed by the Cubans in the last revolution, under which any man bringing to the Cuban camp proposals of peace was to be hanged as a traitor.

The above news received from the most reliable Cuban sources here, and the documents will be in New York in a few days in the hands of Señor Palma, the Cuban Delegate. The terms of the protest of the Cuban Government to the reforms proposed by Spain are said to be very energetic, leaving no hopes of the success of the strange Cuban policy suggested by Mr. Cleveland.

Gen. Gomez has met with many difficulties in organizing the different Cuban bands that are scattered all through the province of Santa Clara, but his energy has triumphed over all obstacles. He is going to New York, and as he has never seen the death of his son, who met his end with Maceo.

It is known that he will not attempt, for the moment, to deal Spain any great blow except through the total destruction of all the sugar estates in the province of Matanzas if they continue to acquiesce in the Spanish policy.

Gen. Gomez is of the opinion that two months from now, when the rainy season will begin, Spain will be in a very desperate condition, having another year of war before her, with her treasury and her credit exhausted, and with her army and navy either at the hands of the Cubans or by the yellow fever, and that the Spanish Government will have no other alternative than to yield and make proposals of peace, based on independence of the island, trying, if it can, to obtain some monetary indemnity.

RODRIGUEZ SUCCEEDS RIVERA.

He crosses the Trocha and Takes Command in Pinar del Rio.

Key West, Jan. 31.—A report from Pinar del Rio announces a change of leadership in the insurgent forces. Mayra Rodriguez, after successfully crossing the trocha with a strong body guard, has assumed command, and Luis Rivera, who was designated to take charge of the Cuban forces in Havana province, marched to the city of Havana on Friday, and is near Mariel now at the head of the insurgents of that section.

Another striking illustration of the Spanish provinces are practically pacified was given on Friday night, when Aragon street struck another blow near Havana, seeking and burning the hamlets of Cruz Piedra, and Sagurana, near Guanabacoa.

CANOVAS REFORMS.

The Document Will Be Signed by the Queen Regent on Thursday.

LONDON, Jan. 31.—The Standard's Madrid correspondent telegraphs that Queen Regent Christina will on Thursday sign a decree in the name of the King, annulling the scheme for reforms in the Spanish West Indies. The scheme was devised after several conferences with the leading Conservative Senators and the Marquis de Azeitegui, the leader of the Cuban Conservatives, who is now in Madrid.

The reforms will be enforced in Cuba as soon as the pacification of the island will permit. The scheme will say that the Government is willing to entertain suggestions as to West Indian tariff reforms and the subsequent improvement of the commercial relations with the United States. The whole matter will be handled cautiously.

The correspondent adds that it would be premature to suppose that the scheme will effect in Cuba autonomy similar to that enjoyed by the Australian colonies and the Dominion of Canada.

Weyler's Latest Deceit.

HAVANA, Jan. 31.—The Gazette Oficial prints three decrees issued yesterday by Capt. Gen. Weyler from his headquarters at Cruces. These decrees order the evacuation of the province of Santa Clara of the provisions of his last three previous decrees relative to the concentration of the inhabitants, the sale of goods, and the establishment of a military zone.

FRANK THOMSON AT THE HEAD.

It is Said That He Will Be Elected President of the Pennsylvania Railroad.

PHILADELPHIA, Jan. 31.—It is said that by the President of the Pennsylvania Railroad, Mr. Frank Thomson will assume the functions of his office as head of the Pennsylvania Railroad, as he has done during the period of Mr. Roberts's illness. While performing these functions he will not, however, assume the title of President, as the by-laws of the company prescribe that the Board of Directors shall elect the President. There is no doubt, it is said, that the board will take prompt action, and that the policy of promotion by merit, which is so strongly characteristic of the Pennsylvania management, will be followed out, and Mr. Thomson will be elected President.

The funeral of Mr. Roberts will take place at 2:30 o'clock on Tuesday afternoon. It will be held from Mr. Roberts's late country residence at Bala station, just outside of the city limits, where he died. The Rev. Charles S. Ohnsted, rector of the Protestant Episcopal Church of the Resurrection, will officiate.

The interment will be in the family vault at East Laurel Hill Cemetery in this city. The honorary pall bearers will be the Directors of the Pennsylvania Railroad Company and the Presidents of the various railroad companies.

General Traffic Association. The active pall bearers will be eight colored porters who have been long in the service of the company at the Broad street station in this city.

ABOUT ON BIBLE HUMOR.

He Continues His Lectures—A Church Member Says They Are a Mistake.

The Rev. Dr. Lyman Abbott continued his lectures on "The Literature of the Bible" in the City Church last night. His subject was being the Bible. There was an unusually large congregation, many persons probably being attracted through the recent resolution passed by the Manhattan Association of Congregational Ministers, in which the association disavowed the manner in which the Bible is treated in popular literature.

Dr. Abbott made only one reference to the criticism of his Congregational brethren. He declared on the authority of an eminent Professor in the Presbyterian ministry that the "Proverbs" were remarkably rich in humor, and then added:

"I recommend this to those who think there is no humor in the Bible."

Following up this line of thought, Dr. Abbott proceeded to show that there were humorous elements in the Bible, and that the humor was not a matter of degree, but a matter of kind.

The passage about the contentious woman referred to by Dr. Abbott is as follows: "A contentious woman is like a leaky vessel, and like a windmill, and like a millstone, and like a fire, and like a sword, and like a pestilence, and like a plague, and like a famine, and like a death."

There is certainly no prominent member and member of the church who considers the Bible as a book of humor. Dr. Abbott has blundered in his recent lectures on the humor of the Bible, and he has blundered in his recent lectures on the humor of the Bible.

Dr. Abbott's lecture was a success, and he was well received by the congregation. He was well received by the congregation, and he was well received by the congregation.

DR. ABBOTT CENSURED.

A Lutheran Minister Shocked at His View of Jonah and the Whale.

The Rev. Dr. J. B. Remensnyder, pastor of St. James's Lutheran Church in East Seventy-third street, took occasion, in a sermon on "Jonah and the Great Fish," yesterday morning, to censure the Rev. Dr. Lyman Abbott, pastor of Plymouth Church in Brooklyn, for his utterance in connection with the prophetic experience with the whale. After alluding to the antiquity of the objections to the Bible narrative, he said:

"What is new in the matter is that these Biblical statements should be held up for public consumption as a so-called sermon, and that a professional Christian minister and in a nominal Christian church should utter such a statement."

Remonstrance Agents Fight It.

Senator Lodge Answered by an Attack on the Immigration Bill.

WASHINGTON, Jan. 31.—Senator Lodge said today:

"Since receiving a copy of the telegrams which the Immigration Commission is sending out to effect Congress of the press, and of the public to the press, there has been sent me a copy of the circular which this same firm have been sending out through the mail. As they stated in an interview that they were sending out telegrams to the press, and of the public to the press, there has been sent me a copy of the circular which this same firm have been sending out through the mail."

Enclosed was a little slip in red type as follows: "We are very respectfully, and let us know of the members of the press, and of the public to the press, there has been sent me a copy of the circular which this same firm have been sending out through the mail."

I think it very desirable that the attention of the members of the press, and of the public to the press, there has been sent me a copy of the circular which this same firm have been sending out through the mail.

WANTED NO BOBINGERSOLL

His Pictures Torn Down Before St. Thomas's Benefit.

Richard Croker and ex-Mayor Gilroy Among Those Present—Manager Blumenthal Explains That No Harm Was Meant and Takes Down the Infidel's Portrait.

The members of St. Thomas's R. C. Church, who are erecting a church at St. Nicholas avenue and 118th street, have been raising money in every way that they could think of to increase the building fund. The basement for the church is finished, and the congregation meets there for service every Sunday. Arrangements had been made for a benefit vaudeville performance, to be given at the Harlem Opera House on 126th street last evening, for the church, and the sale of tickets was large. The performance was to begin at 8 o'clock, and when the hour came there was a crowd of about 100 people waiting in the street for the doors to open.

In the crowd were several of the men who had been active in arranging the show, and they found a condition of affairs in the theatre lobby that shocked them. The opera house had been rented for next Sunday night for Col. Robert G. Ingersoll's lecture on "The Bible and the Church." The lobby was covered with pictures of the lecturer and announcements of his topic, followed with press notices and placards urging every one to be sure to hear him talk.

The members of the committee concluded that this was an attempt to drive away the audience from the church, and they decided to remove the pictures. They went to the lobby and found the pictures of the lecturer and announcements of his topic, followed with press notices and placards urging every one to be sure to hear him talk.

This committee consisted of the Rev. Father J. J. Keegan, Andrew J. White, and ex-Mayor Richard Croker. They went to the lobby and found the pictures of the lecturer and announcements of his topic, followed with press notices and placards urging every one to be sure to hear him talk.

The committee told him plainly that the pictures were not acceptable, and that they were to be removed. The pictures were removed, and the committee was satisfied.

Among the pictures that were removed were those of the lecturer and announcements of his topic, followed with press notices and placards urging every one to be sure to hear him talk.

The committee was satisfied with the result of their action, and they returned to the church.

Mayor Warriner to Name Mr. Howells Successor This Week.

The vacancy in the Board of Bridge Trustees caused by the death of President James Howells, one of the Brooklyn representatives, will be filled during the week by Mayor Warriner, who has the sole power of appointment. FINCHER'S POTATO PATCH SCHEME.

South-Tucker Haze the Salvation Army Will Take It Up Generally.

DETROIT, Mich., Jan. 31.—Commander Booth-Tucker, Consul of the Salvation Army in this city, today announced his support of the potato patch plan of Gov. and Mayor Hazen S. Pingree, and said that the Army would take it up this spring as the leading feature of its relief work, not only in the United States, but in every place where the Army has a corps. He is the guest during his stay in this city of the members of the Army in his advocacy of employment for the masses under the Pingree plan. He said:

"Gov. Pingree, whom I consider one of the foremost men on economic questions, has started on the right method.
